

Scared - by Joshua Klahn

I can never thank God enough for you

It's through your smile I see His grace

You see who I am, but you keep loving on me  
And I don't quite understand why

Chorus:

You're everything I've ever wanted  
And I'm so scared you won't want me  
Now that I found you, I don't want to live without you  
I pray you'll one day marry me

It would be-- wrong of me to think that  
I could ever deserve you  
But just like God, you want me anyway  
Your love I could never repay

[Chorus]

I know I'm not your Prince Charming  
I'm more like a penniless pauper  
My love is all I have to give to you my princess  
I wish that I could give more

Last Chorus:

You're everything I've ever wanted  
And I'm so scared you won't want me  
Now that I found you, I don't want to live without you  
I pray you'll one day marry me  
I pray you'll one day marry me....
